WHEREAS, The recent events in Selma, Alabama have shocked the entire nation;

WHEREAS, The brutality and violence which marked the events of the past week are abhored by all right-thinking people; and

WHEREAS, The deprivation and disregard for the dignity of human beings manifest in these events is contrary to the traditions and customs and ideals of this great country; now, therefore,

Be It Resolved, By the members of the City Council, That we congratulate President Lyndon B. Johnson for his forthright stand in his efforts to protect the rights of all citizens of this country; and

Be It Further Resolved by the City Council, That we urge the Congress of the United States to enact legislation which will achieve fair and free and open registration and voting rights to all American citizens.

Honorable Richard J. Daley, Mayor, on behalf of himself and the other members of the City Council, presented the following proposed resolution:

WHEREAS, We learned with sorrow of the untimely death on March 6th of Leo A. Lerner; and

WHEREAS, He was best known as the editor and publisher of the Lerner Home Newspapers, but gave freely of his exceptional talents in many ways conducive to our city's progress and the welfare of his fellowmen, and did so in a manner characterized by a warm personality and a sympathetic understanding; and

WHEREAS, As a journalist he was among the most perceptive of commentators, and as an author his books had wide circulation; and

WHEREAS, He was for many years chairman of the board of Roosevelt University; was a former president of the Independent Voters of Illinois; was a member of the State of Illinois Pardon and Parole Board; was a member of the Chicago Public Library Board; and was three times a delegate to Democratic National conventions; and

WHEREAS, He attended Northwestern University, where he was editor of the campus newspaper, and began his professional newspaper career in 1924; now, therefore,

Be It Resolved, That the members of the Chicago City Council, in meeting assembled this tenth day of March, A.D. 1965, express publicly their sense of loss at the passing of this most highly esteemed Chicagoan, and extend to his bereaved wife, Deana, his two sons, his daughter, his brothers, sisters and his grandchildren, their most sincere condolences.

Daley, Mayor, thereupon addressed the Council in memory of his late personal friend, recalling the definite encouragement and assistance given him when he announced his candidacy for Mayor of the City, and stating that for his brilliance as an editor, his generosity to the under-privileged and his pride in his city, he had stood tall among great men. He extended condolences to the members of the bereaved family.

The Mayor thereupon called the Council's attention to the presence in the gallery of Michael Lerner, brother of the late Leo Lerner, who gratefully acknowledged the tribute paid by the Mayor and aldermen to his brother's memory.

Honorable Richard J. Daley, Mayor, on behalf of himself and the other members of the City Council, presented the following proposed resolution:

WHEREAS, We have been saddened by the death on March 5th of Oscar G. Mayer, a business and civic leader in our community for many years; and

WHEREAS, He was the chairman of the meat packing firm of Oscar Mayer and Company, and was the much admired son of the greatly beloved pioneer founder of that firm; and

WHEREAS, He built broadly upon the comparatively modest beginnings of this business institution, making the family name a household word throughout the nation; and

WHEREAS, He was active in the business world and in civic endeavor as the president of the Chicago Association of Commerce and Industry from 1938 to 1940, and maintained always his great interest in our city's progress; now, therefore,

Be It Resolved, By the members of the Chicago City Council, in meeting assembled this tenth day of March, A.D. 1965, that we express publicly our sorrow at the passing of Oscar G. Mayer and extend to his bereaved widow, Elsa, to his daughter and three sons, to his sisters, and to his grandchildren, our most sincere condolences.

On motion of Alderman Keane said proposed resolution was *Adopted,* unanimously, by a rising vote.

Tribute Paid to Late Neil C. Hurley, Jr.

Honorable Richard J. Daley, Mayor, on behalf of himself and the other members of the City Council, presented the following proposed resolution:

WHEREAS, The Mayor and the members of the City Council were deeply grieved to learn of the recent death at the relatively youthful age of 58 of Neil C. Hurley, Jr., one of the Midwest's most prominent industrial leaders; and

WHEREAS, Mr. Hurley was board chairman of the Thor Power Tool Company in Aurora, where he went to work after graduating from the University of Notre Dame in 1932, ascending to president of the electric and pneumatic power tool firm in 1944, and then chairman of the board in 1958; and

WHEREAS, Mr. Hurley set a far-reaching example to other business and trade leaders and executives of the need to participate actively in the political affairs of the nation by devoting a big part of his busy schedule to the presidential campaign in 1960 in a leadership capacity, thereby inducing other business leaders to do likewise; and

WHEREAS, Mr. Hurley's political and business perspicacity projected him into the international business arena as vice chairman of a conference on international trade expansion called by the late and venerable President John F. Kennedy and also was named chairman of the National Export Expansion Council, which activity won recognition for him by being named "The International Chicagoan of the Year" by the Chicago Junior Chamber of Commerce; and

WHEREAS, Mr. Hurley demonstrated his leadership in civic, philanthropic and educational affairs as a member of the advisory council of Notre Dame's College of Commerce, and as a director of St. Joseph's and Oak Park Hospitals, of Catholic Charities and Marillac House; now, therefore,

Be It Resolved, That the Mayor and the City Council of the City of Chicago hereby express their sorrow at the passing of Neil C. Hurley, Jr., and extend their heartfelt sympathy to his bereaved family; and

Be It Further Resolved, That as a mark of respect to his memory this resolution be spread upon the permanent record of the Proceedings of the City Council and that a copy thereof be presented to the family of Neil C. Hurley, Jr.

On motion of Alderman Keane (seconded by Alderman Bohling) said proposed resolution was *Adopted,* unanimously, by a rising vote.

Tribute Paid to Late Charles F. Armstrong.

Honorable Richard J. Daley, Mayor, on behalf of himself and the other members of the City Council, presented the following proposed resolution:

WHEREAS, The Mayor and the members of the City Council were shocked to learn of the sudden death at the age of 45 of Charles F. Armstrong, a member of the Board of Local Improvements since October, 1961; and

WHEREAS, During his relatively brief career as a lawyer and public servant Mr. Armstrong distinguished himself as a man dedicated to good faith and hard work on behalf of the people. Because of his innate capabilities, Mr. Armstrong was elevated through a series of prestigious appointive positions of public trust after he graduated from public schools in Statesville, N. C., and Tuskegee Institute and winning with honors a law degree from John Marshall Law School.

Mr. Armstrong served with honor as an Assistant

State's Attorney, Veterans Administration registration officer, Social Security Administration claims adjudicator and then was promoted to the responsibilities of membership on the Board of Local Improvements.

But, the diversity of Mr. Armstrong's interests and capacities, led him naturally into the legislative arena and he was serving his fifth term as a member of the Illinois House of Representatives, where he shone as a militant advocate and champion for social justice and an end to discriminatory practices and gave to the legislature a tone and rhetoric for establishing high principles within public policies and laws which could later be appealed to in order to justify new progressive policies and laws.

He was renowned as a hard but fair protagonist in the battle to uplift the culturally deprived and the economically maladjusted.

Mr. Armstrong also served his country in its hour of need, spending three years in the United States Coast Guard during World War II.

Chicago and the State of Illinois has lost a devoted public servant and his people have lost a persuasive voice for good; now, therefore,

Be It Resolved, That the Mayor and the members of the City Council of the City of Chicago, in meeting assembled this 10th day of March, A. D. 1965, by this resolution spread upon the record of Proceedings of the City Council make public acknowledgment of our profound sense of loss at the passing of a luminous public servant, Charles F. Armstrong, and extend to his bereaved family our sincere condolences.

On motion of Alderman Miller (seconded by Aldermen Despres, Campbell, Kaplan and Holman) said proposed resolution was *Adopted,* unanimously, by a rising vote.

Alderman Miller and the seconding aldermen addressed the City Council in memory of the late Mr. Armstrong, citing his many attributes for the rights of people and that he sponsored legislation in the General Assembly known as the "Armstrong Law" concerning practices of the operation of schools in the State. They also stated that the City lost a valued member of the Board of Local Improvements to which he was appointed, and that his services will be sorely missed.

Honorable Richard J. Daley, Mayor, on behalf of himself and the other members of the City Council, presented the following proposed resolution:

WHEREAS, During a long and distinguished legal career which spanned 64 years, highlighted by triumphs in many cases which involved issues relating to freedom of the press and litigation of myriad other matters, Mr. Kirkland won renown in our Federal and state court systems; and

WHEREAS, Mr. Kirkland was associated early in his legal career as a partner in a law firm with the late Robert R. McCormick, who became publisher of the Chicago Tribune, and Joseph Patterson, who became publisher of the New York Daily News, and after Colonel McCormick became publisher of the Tribune, Mr. Kirkland became its chief counsel and, at his death at the age of 87, was senior partner of the law firm of Kirkland, Ellis, Hodson, Chaffetz and Masters; and

WHEREAS, Mr. Kirkland gave freely of his time for civic and philanthropic causes, holding many leadership posts in Chicago area fund drives and a Circuit Court study of the Juvenile Court, he found time to serve for twelve years as Judge Advocate of the Illinois National Guard, with the rank of Lieutenant Colonel, and gave liberal contributions to law schools of the City and segments of the Loyola University and University of Chicago Law Colleges have been dedicated to him and named for him; now, therefore,

Be It Further Resolved, That as a mark of respect to his memory this resolution be incorporated in the permanent record of the Proceedings of the City Council, and that a copy thereof be presented to the family of Weymouth Kirkland.

On motion of Alderman Keane said proposed resolution was *Adopted,* unanimously, by a rising vote.

Chicagoans Urged to Participate in Parade and Other Celebrations on March 17th Honoring St. Patrick.

Also the following communication from Otto H. Loser, City Comptroller, addressed to the Mayor and the members of the City Council under date of March 9, 1965, which was, together with the tabulations attached thereto, *Placed on File:*

"Gentlemen—Pursuant to the provisions of paragraphs 27-434 (b) of the City Code as amended December 22, 1958, I am submitting herewith a report for the quarter ended December 31, 1964 and twelve months ended that date, compared with the similar periods ended in 1963, of traffic violation tickets issued by the Police Department of Chicago and the disposition of such tickets. There also is included a statement showing the traffic warrants and capiases issued by the Municipal Court of Chicago to the Police Department for services in connection with said violations and the disposition of these warrants and capiases."

Court Decisions.

Also communications from the Law Department informing the City Council as to court decisions in the causes noted, which were *Placed on File,* as follows:

Thomas Charles, et al., Plaintiffs-Appellees, v. *Orlando W. Wilson,* et al., Defendants-Appellants. *Illinois Supreme Court No. 38946.* The Supreme Court of Illinois on January 20, 1965 denied a petition for leave to appeal from the Appellate Court ruling which reversed the trial court thereby sustaining the creation of the positions of "District Commander" and "District Watch Commander" in the Chicago Police Department and prescribing the duties thereof. The denial of the petition by the Supreme Court successfully concludes another attempt to nullify a part of the reorganization of the Chicago Police Department.

Richard J. Daley, Mayor, as Local Liquor Control Commissioner, Plaintiff-Appellant, v. *License Appeal Commission, et al., A. L. Cronin, Chairman, Clyde Burnette,* Applicant, Defendants-Appellees. *Illinois Appellate Court No. 49865.* The Illinois Appellate Court on February 4, 1965 filed an opinion in the above entitled cause dismissing the appeal of the Local Liquor Control Commissioner in a cause relating to the issuance of a retail license for a package liquor license at No. 7857 S. Halsted Street. The Local Liquor Control Commissioner refused to issue the license on the grounds that the applicant, Clyde Burnette, allegedly lacked good moral character. Subsequently, the Local Liquor Appeal Commission reversed the Commissioner and denied his motion for a rehearing. The Appellate Court allowed defendant-appellee's motion to dismiss the appeal of the Commissioner for the reason that Burnette had withdrawn his application for a license and requested a refund of the license fee and has relinquished his possession of all right, title and interest in the above-mentioned premises.

Joseph L. Lenert, Plaintiff-Appellant, vs. *Orlando W. Wilson, etc. et al.,* Defendants-Appellees. *Illinois Appellate Court No. 49472.* The Appellate Court on February 15, 1965 filed an opinion in the above cause affirming the judgment of the Circuit Court which denied the plaintiff a temporary injunction to restrain further appointments from the Police Captain's register, and also denied a writ of mandamus to compel an increase in plaintiff's efficiency rating. The Appellate Court held that the method of ascertaining merit for promotion, including the manner of rating efficiency is clearly within the discretion of the Police Department and the Civil Service Commission; that mandamus will not lie to compel the manner of exercise of discretionary acts unless an abuse of discretion exists and that there was no proof of any abuse of this discretion.

Raymond L. Sabath, etc., et al., *Plaintiffs-Appellees* vs. *City of Chicago,* etc. et al., *Defendants-Appellants. Illinois Appellate Court Docket No. 49366.* The Illinois Appellate Court on February 16, 1965 in part affirmed and reversed the judgment of the Circuit Court which had found plaintiff's use of their property a lawful non-conforming use under the Chicago Zoning Ordinance and which had directed that a commercial driveway permit be issued for the premises at Nos. 3826-3830 S. Emerald Avenue, thereby allowing ingress into and egress from said property to Emerald Avenue. The Appellate Court held that the plaintiff's use of property was lawfully established under the 1942 Zoning Ordinance and could be lawfully continued under the terms of the 1957 Comprehensive Amendment thereto and affirmed the Circuit Court judgment in this respect. With regard to the driveway permit, the Appellate Court reversed the judgment of the Circuit Court directing that such permit be issued by the City, holding that the proposed driveway would create undue safety hazards on streets adjoining the property for which the driveway is proposed. Remanded with directions.

Robert Bartlet and Bernice Bartlett, his wife, Plaintiffs-Appellees vs. *City of Chicago,* a Municipal Corporation, Defendant-Appellant, et al. *Illinois Appellate Court No. 49765.* On January 25, 1965 the Illinois Appellate Court filed its opinion affirming the judgment of the Circuit Court of Cook County by declaratory judgment concerning zoning of property at No. 525 W. Hawthorne Place, Chi-

cago, which was sought to be rezoned R-7 as General Residential permitting construction of a high-rise apartment building in lieu of single family unit as presently permitted. The opinion of the Illinois Appellate Court was based on the conclusion that the R-1 zoning as applied to the subject premises "has the effect of depreciating the property to the point of confiscation without correspondingly benefitting the public generally".

Court Decisions.

Also communications from the Law Department informing the City Council as to court decisions in the causes noted, which were *Placed on File,* as follows:

City of Chicago, Plaintiff-Appellee, v. *Corean Logan,* Defendant-Appellant. Appellate Court of Illinois, First District; No. 50059. The Appellate Court on March 19, 1965 affirmed judgment of the trial court which, in turn, authorized the City to destroy two buildings on the property known as 904 S. Paulina Street for the reason that they were

deteriorated in excess of 50% and constituted a public nuisance. (Defendant contended that she lived in Los Angeles, California and the notices to her at the Paulina Street address should have been sent to her at her Los Angeles address; the Court in rejecting defendant's contention said that "in a City the size of Chicago, containing thousands of buildings, to require the City to search its file of building owners and ascertain residence addresses would impose too much of a burden under the circumstances.)

James P. Harney et al., Plaintiffs-Appellants, v. *William E. Cahill et al.,* Defendant-Appellees. Appellate Court No. 49257. The Appellate Court on March 11, 1965 filed an opinion in the above cause dismissing the appeal of unsuccessful candidates in a promotional examination for the position of Engineer Custodian in the Board of Education. (The Appellate Court sustained the judgment of the Circuit Court rejecting the contentions of the unsuccessful candidates that the examinations and promotions of successful candidates should be cancelled because the Civil Service Commission had violated its own rules, in marking the written examination; in marking the candidates efficiency; and in conducting an original and a promotional examination for the same position at the same time. The Civil Service Commission after posting the eligible registers, certified sufficient eligibles to fill all existing vacancies in the position of Engineer Custodian. This completely exhausted the promotional eligible register and a substantial part of the original register. The Appellate Court held that the plaintiffs who had failed to pass the examination had only a speculative interest rather than a legal interest in attacking the Commission's procedures).

ORDINANCE

To amend an ordinance authorizing the issuance of certain project temporary loan notes in connection with Urban Renewal Project No. Ill. R-1 and providing for the security for the payment thereof, and for other purposes.

WHEREAS, It is necessary that the Basic Note Ordinance be amended so that the provisions thereof will be responsive to and consistent with the provisions of the Existing Contract as amended by Second Amendatory Contract amending Loan and Capital Grant Contract No. Ill. R-1(LG); now, therefore,

Be It Ordained by the City Council of the City of Chicago:

SECTION 1. That the Basic Note Ordinance be amended as follows:

(a) By deleting Sections 1 through 6 and substituting the following Sections 1 through 5 in lieu thereof:

"Section 1. That in order to provide funds to enable the Local Public Agency to defray expenses and costs in connection with the undertaking and carrying out of the Project, and to refund, renew, extend, or substitute for any Project Temporary Loan Notes by this ordinance authorized to be issued, there are hereby authorized to be issued from time to time, Project Temporary Loan Notes of the Local Public Agency in an aggregate principal amount outstanding at any one time (whether authorized by this ordinance or any other ordinance authorizing the issuance of Project Temporary Loan Notes in connection with the Project) of not to exceed thirty-three million fourteen thousand six hundred sixteen dollars ($33,014,616.00).

"Section 2. That each such note shall be designated 'Project Temporary Loan Note'; shall be payable, as to the principal thereof together with interest thereon, upon demand, but solely from the Project Temporary Loan Repayment Fund hereinafter mentioned and not otherwise; shall be payable at the principal office of the Local Public Agency in any coin or currency of the United States of America which, on the date of the payment of the principal thereof and interest thereon, is legal tender for the payment of public and private debts; shall be payable to the United States of America or order; shall be signed in the name of the Local Public Agency by the Mayor and the City Comptroller; shall have the official seal of the Local Public Agency impressed thereon and attested by the City Clerk; and shall bear interest at the rate or rates as follows:

"During the period from the date of the acceptance of delivery of and payment for each such note through December 31, 1969, (herein called the 'Initial Loan Period'), said principal sum shall bear interest on the unrepaid amount thereof at the rate of four and one-eighth per centum (4⅛%) per annum. From and after said date each such note shall bear interest on the unrepaid principal amount thereof at the rate per annum (to be duly noted on behalf of the United States of America on the reverse thereof) which shall be initially determined and become effective on the expiration of the Initial Loan Period, and shall be redetermined at 5-year intervals thereafter, and become effective, with respect to said unrepaid principal amount, in accordance with the following formula: The redetermined rate shall not exceed six percentum (6%) per annum, but otherwise shall be the higher of:

"(a) The 'going Federal rate' determined pursuant to the provisions of Title I of the Housing Act of 1949, as amended through September 2, 1964 and effective January 1 or July 1, as the case may be, following the expiration of the Initial Loan Period, or, in the case of subsequent redeterminations of the rate, the January 1 or July 1, as the case may be, constituting the fifth anniversary of the effective date of the latest redetermined rate; or

"(b) A rate per annum equal to the average yield to maturity on all outstanding obligations of the United States having a maturity from the May 1 or November 1, as the case may be, next preceding the date of the expiration of the Initial Loan Period (or, in the case of subsequent redeterminations of the rate, from the May 1 or November 1, next preceding January 1 or July 1, as the case may be, constituting the fifth anniversary of the latest redetermined rate), of approximately 5 years, as determined by the Administrator, upon the advice of the Secretary of the Treasury, such average yield to be estimated on the basis of daily closing market bid quotations or prices for the month of May or November, as the case may be, next preceding the date of the expiration of the Initial Loan Period (or, in the case of subsequent redeterminations of the rate, for the month of May or November, as the case may be, next preceding the January 1 or July 1, constituting the fifth anniversary of the latest redetermined rate), and adjusted to the nearest ⅛ of 1 percent.

"Section 3. That each Project Temporary Loan Note issued, including a statement of the delivery thereof to the Government, shall be in substantially the form of 'Exhibit A' attached hereto and made a part of this ordinance: Provided, That each Project Temporary Loan Note bearing a date subsequent to the expiration of the Initial Loan Period shall state on its face the applicable interest rate and shall define therein the term 'Initial Loan Period' by use of a date which shall be the end of the pertinent five year period, both as authorized and required by this ordinance.

"Section 4. That there is hereby established on the books of the Local Public Agency a separate and special account which is hereby designated the 'Project Temporary Loan Repayment Fund; Project No. Ill. R-1', said Fund being elsewhere herein referred to as the 'Project Temporary Loan Repayment Fund'. The following moneys shall be credited to the Project Temporary Loan Repayment Fund as and when such moneys are received by the Local Public Agency:

"(a) The proceeds of all sales of Project Land by the Local Public Agency, excluding such proceeds as may arise from the sale of Project Land after such Project Land has been leased;

"(b) All moneys constituting compensation by the Local Public Agency for Project Land which it retains instead of selling or leasing excluding the moneys which may arise from the retention of Project Land after such Project Land has been leased;

"(c) All payments which are made by the Government to the Local Public Agency on account of the Project Capital Grant;

"(d) All moneys which may be provided by the Local Public Agency from sources other than the Government or from the proceeds of a Project Definitive Loan, if any, to compensate the Project Temporary Loan Repayment Fund for the fair value imputed to Project Land which is leased by the Local Public Agency rather than sold by it for cash;

"(e) All such Local Grants-in-Aid in the form of deficiency cash grants as, after the Gross Project Cost and the Net Project Cost have been determined and the payment of all costs comprising Item I of Gross Project Cost has been duly made or provided for and all other Local Grants-in-Aid applicable to the Project which have been provided have been determined, are provided with respect to the Project to meet the deficiency, if any, in Local Grants-in-Aid in connection with the Project;

SECTION 5. This ordinance shall be in full force and effect from and after its passage.

Agreement

This Agreement made and entered into this ..... day of ....., 1965 by and between the City of Chicago, a municipal corporation organized under the laws of the State of Illinois, hereinafter referred to as "City", and the Chicago Transit Authority, a municipal corporation, hereinafter referred to as "Authority"; Witnesseth:

Whereas, the City Council of the City of Chicago passed an ordinance on April 23, 1945 (C.J. pages 3369-3414), authorizing and granting to Authority the exclusive right to acquire, construct, reconstruct, maintain and operate facilities for local transportation within City, which ordinance included provision for City, if and when it so elected, to construct an extension of Route No. 2 of the Initial System of Subways in the Median of the West Route Superhighway and to be reimbursed by Authority for the cost of transportation equipment furnished and installed by City in such an extension; and

Whereas, the City Council of the City of Chicago passed an ordinance on December 30, 1946 (C.J. pages 6817-6819), providing for the construction of the West Side Extension of the Initial System of Subways, to be known as the "West Side Subway", which ordinance was subsequently amended on October 15, 1948 (C.J. pages 3056-3057), December 1, 1950 (C.J. pages 7209-7210), May 11, 1954 (C.J. pages 7499-7504) and July 26, 1955 (C.J. pages 896-897), relocating the terminal and revising track alignment connections to existing Rapid Transit facilities and certain station sites; and

Whereas, City and Authority entered into an Agreement dated May 11, 1951, which was authorized by the City Council on December 1, 1950 (C.J. page 7183), which confirmed the obligations of each, as set forth in the ordinance passed by the City Council, on April 23, 1945 with respect to the West Side Subway Extension; and

Whereas, the City Council of the City of Chicago passed an ordinance on July 11, 1957 (C.J. pages 5818-5819) further amending the ordinance passed by the City Council on December 30, 1946 to provide for the elimination of the proposed connection to the Laramie Avenue Yard and the substitution of a new terminal yard situated west of Desplaines Avenue in the Village of Forest Park; and

Whereas, the City of Chicago would have been required to construct an incline connection if the terminal yard had been located at Laramie Avenue instead of at Desplaines Avenue in Forest Park; and

Whereas, the City of Chicago would have been required to pay for the cost of the fixed transportation equipment, to be installed at the Laramie Avenue Yard, subject to reimbursement by Authority to City over the useful life of said equipment, as provided by the ordinance passed by the City Council on April 23, 1945; and

Whereas, said Desplaines Avenue Terminal Yard was constructed and placed in operation by Authority and it is now desired that an agreement between said parties be entered into determining the amount that City will pay to Authority to be applied to the cost of the Desplaines Avenue Terminal Yard built in lieu of the Laramie Avenue Yard; and

Whereas, City and Authority entered into an agreement dated December 16, 1963, which was authorized by the City Council on November 15, 1963 (C.J. pages 1243-1244); and

Whereas, City and Authority now agree that the agreement entered into between City and Authority dated December 16, 1963 which was authorized by the City Council November 15, 1963 (C.J. pages 1243-1244) should be rescinded in contemplation of this agreement; and

Whereas, the City Council of the City of Chicago passed an ordinance dated November 15, 1963 (C.J. pages 1243-1244) authorizing and directing the City Comptroller and the City Treasurer to pay the sum of $1,544,866.69 to the Chicago Transit Authority; and

Whereas, the present balance in the Subway Bond Fund of 1952 is insufficient for the Comptroller to pay $1,544,866.69; and

Whereas, the unsold bonds of the 1952 Bond Fund are not readily marketable under the requirements of the 1952 Subway Bond Referendum approval, as set out in the Ordinance of April 16, 1952 (C.J. page 2191); and

Whereas, the present balance in the Subway Bond Fund of 1952 is sufficient to pay to Authority the sum of $528,000.00; and

Whereas, an agreement between City and Authority executed December 16, 1963 authorized and set out by ordinance of October 18, 1963 (C.J. pages 1094-1095) provided that $10,847,372.48 was the amount due City from Authority, all unpaid as of June 22, 1958, and that such sum was payable in monthly installments of $28,545.72 as amortized over thirty-one and two/thirds years, the average useful life of transportation equipment furnished Authority by City.

Whereas, it is convenient to offset the $8,476,317.53 outstanding balance due City as of December 31, 1964 by Chicago Transit Authority by the amount of $1,016,866.69, leaving a balance of $7,459,450.84 as of December 31, 1964; and

Whereas, the reduced amount of balance due from December 31, 1964 is amortizable at $24,618.64 per month for the same period of the average useful life of thirty-one and two/thirds years; and

Whereas, paragraph numbered 2 of the Agreement between City and Authority executed December 16, 1963 and authorized by the City Council on October 18, 1963 by ordinance passed (C.J. pages 1094-1096), is amended herewith;

Now, Therefore, in consideration of the premises and the mutual undertakings of the parties to this agreement and the mutual covenants herein contained, the parties hereto mutually covenant and agree as follows:

1. That the sum of $528,000.00 is determined to be the estimated cost of the incline connection which City would have been required to provide if the terminal yard had been located at Laramie Avenue.

2. That the sum of $1,016,866.69 is the cost of the fixed transportation equipment installed by Authority in the terminal yard at Desplaines Avenue in Forest Park in lieu of similar equipment estimated to cost $1,602,850.00 which would have been required at Laramie Avenue and which the City would have been required to pay for, subject to reimbursement by Authority.

3. That the Agreement entered into between City and Authority dated December 16, 1963, as authorized by the City Council on November 15, 1963 (C.J. pages 1243-44), ought to be and is hereby rescinded.

4. That City shall pay to Authority the amount of $528,000.00 to be applied to the cost of the Desplaines Avenue Terminal Yard, which amount shall cover the estimated cost of the incline connection which the City would have been required to provide if the yard had been located at Laramie Avenue.

5. That $1,016,866.69, the cost of fixed transportation equipment which City would have been required to pay for, subject to reimbursement by Authority, was included in the total amount to

be reimbursed to City by Authority as of December 16, 1963 in monthly payments over the useful life of the fixed transportation equipment, for the cost of said equipment, as provided in the ordinance passed by the City Council on April 23, 1945, and which payments are now being made by Authority to City.

6. That City shall offset the balance due City from Authority as of December 31, 1964, by $1,016,866.69, and that paragraph 2 of the Agreement executed on December 16, 1963 as authorized by City Council on October 18, 1963 (C.J. pages 1094-1096) is hereby amended so that the Authority shall reduce its monthly installment payments to $24,618.64 in lieu of $28, 545.72.

In Testimony Whereof, the parties hereto have executed this Agreement, the day and year first above written.

(a) Tenant shall pay on or before the 1st day of each month, in advance, to the Comptroller, the sum of Four Hundred Ninety-Seven and 50/100 Dollars ($497.50). (b) Tenant shall, on or before the fifteenth (15th) day of the following month, pay to the Comptroller as additional rental a sum equal to 5% of the Gross Sales of said calendar month less the amount prepaid. 5. *Records.*

Tenant agrees to record all fees and charges in accordance with accounting practices as may be directed with respect thereto by the Comptroller, which records shall be preserved by the Tenant and made available to Landlord upon demand. The yearly statement shall be certified by a Certified Public Accountant if required by the Comptroller. In the event Landlord is not satisfied with any such audit or annual statement and gives Tenant written notice to that effect within sixty (60) days after Landlord's receipt thereof, then Landlord shall have the right, within sixty (60) days thereafter, at Landlord's expense, to cause any reputable audit company, satisfactory to Landlord and Tenant, to reaudit the Gross Sales made during the period covered by such audit and to recalculate said rentals payable for such period, and such reaudit and/or recalculation shall be accepted by both parties to this agreement as final. Tenant agrees, if such examination or audit discloses additional rental liability of two per cent (2%) or more, to pay the cost of such examination or audit. Landlord shall at all reasonable times have the right to examine the records and books of account of Tenant, and to make copies and excerpts therefrom.

6. *Performance Bond.*

At the time of the execution hereof, Tenant shall execute and deliver to the Comptroller a Performance Bond in form, type and amount as to be determined solely by the Comptroller, which bond shall guarantee faithful performance of the provisions of the contract.

B. *Eligibility of the Project for Federal Aid and Approval of Project Designation by Chicago City Council and Illinois State Housing Board.*

At the time of designation of the area as a Chicago Land Clearance Commission project, 20.0 of the 30.4 net acres in the area were in improved or unimproved residential use. The Chicago Land Clearance Commission was one of the two agencies which preceded the Department of Urban Renewal. There were a total of 428 dwelling units in the area. Approximately 90 percent of the dwelling units were substandard due to lack of sanitary facilities or dilapidated condition of the structure in which they were located. As shown in the Chicago Land Clearance Commission report to the Mayor and the City Council of the City of Chicago and to the Illinois State Housing Board on a proposal to redevelop a blighted area on the Near West Side dated June, 1951, the area was clearly a slum and blighted area as that term is defined in the Illinois Blighted Areas Redevelopment Act of 1947, as amended. The Housing and Home Finance Agency of the Federal government has determined that the project is eligible for the federal financial assistance authorized for eligible projects by the Federal Housing Act of 1949.

The City Council ordinance and Illinois State Housing Board resolution approving the Chicago Land Clearance Commission project designation were adopted on October 11, 1951 and November 7, 1951, respectively.

C. *Project Boundaries.*

The legal description of the project area is shown on an attachment to this statement. Exclusive of the land identified in the next sentence, the project includes the land in the area bounded by Polk Street, Canal Street, Roosevelt Road and the easterly line of the South Route of the Comprehensive Superhighway System. The excluded land consists of (1) the block bounded by Cabrini, Canal, Arthington and Clinton Streets, and (2) the block bounded by Polk, Jefferson, Cabrini and Desplaines Streets.

D. *Land Use Plan.*

The land use specified by the redevelopment plan conforms to the General Plan for Chicago. The redevelopment plan was developed with the advice of the Chicago Plan Commission and the office of the City Traffic Engineer, in order to insure consistency between that plan and the long range city objectives for city-wide land use and traffic circulation.

The proposed land uses and the amounts of land to be devoted to each use are shown in the following tabulation:

PROPOSED LAND USE

	Acres	*Percent*
Gross Area	43.5	100.0
Streets and Alleys	9.9	22.8
Net Area	33.6	77.2
Net Area	33.6	100.0
Existing commercial and light industrial plants with proposed additions	8.4	25.0
Existing public school with proposed additions	.8	2.4
Light industrial with railroad sidings between Clinton and Canal Streets	24.0	71.4
South Expressway	.4	1.2

The Land Use Plan shows the streets essential to serve both the project and through-traffic. This street pattern consists principally of existing north-south streets.

Of the 43.5 acres in the project gross area, 9.9 acres will be used for streets. The net area of 33.6 acres will be used for the existing Dante public elementary school, seven existing commercial establishments not to be acquired, additions to some of the latter establishments, and for new light industrial establishments. The eight-tenths of one acre now occupied by the Dante elementary school is to be zoned to allow manufacturing use of that school site when the facility is relocated. In order to further assure the character of development on that school property, the Chicago Board of Education has agreed to consult with the Commission in regard to proposed use and improvement when the school use of that site is terminated and the site is to be sold.

Following are the addresses, the names of the owners, the uses and the condition of seven existing commercial establishments which, together with the public school, may not be acquired but incorporated into the project. The additional land which certain of them will require to conform to the redevelopment plan for the project, is shown (along with the land now occupied by the establishments) on the Land Use Plan.

The respective owners of and other parties interested in properties lying within the Project site not acquired by the Chicago Land Clearance Commission, will covenant with the Commission by means of a declaration of restrictions to restrict said respective properties to the particular uses set forth in the approved Redevelopment Plan for the Project, for a consideration of One Dollar ($1.00) and other good and valuable considerations paid to each other, the receipts whereof will thereby be acknowledged, and of the mutual promises and agreements of the parties thereto. The declaration of restrictions will provide that said covenants and agreements shall be covenants running with the land and shall be in effect for the period of forty (40) years, shall be enforceable by the parties thereto, their respective heirs, successors and assigns, or by any successor in title to any of the parties thereto to the property or any part thereof described therein, against the parties thereto, their respective heirs, successors and assigns of the property described therein or any part thereof or any interest therein, and any party in possession or occupancy of the said property or any part thereof. Identical restrictions will be imposed by deed upon purchasers of project land from the Commission.

The structure located at 622 W. Roosevelt Road, may be sold by the Commission to a redeveloper who would enter into appropriate contracts with the Commission to use the property in conformance with the approved redevelopment plan.

Major controls on use of the project land are shown on the Land Use Plan. These controls will assure the continuation of the character of this project as it is redeveloped. Following is the full text of the two controls which incorporate sections of the City of Chicago Zoning Ordinance, Off-Street Parking and Loading Provisions as amended July 28, 1954:

Off-Street Loading and Unloading.

Truck loading and unloading facilities shall be provided in sufficient quantity and be so located that all vehicles transporting material to and from the buildings will be entirely within the property lines during loading and unloading operations. These facilities shall also be provided in compliance with the requirements of the City of Chicago Zoning Ordinance, Off-Street Parking and Loading Provisions, as amended to July 28, 1954. In regard to off-street loading, the Zoning Ordinance requires that for a plant with

"a. From 2,000 square feet to 40,000 square feet of gross floor area, one off-street loading and unloading space," shall be provided.

"b. From 40,000 to 100,000 square feet of gross floor area, two off-street loading and unloading spaces plus one additional such space for each additional 100,000 square feet of gross floor area or fraction thereof in excess of 100,000 square feet," shall be provided.

Parking.

These facilities shall be provided in compliance with the requirements of the City of Chicago Zoning Ordinance, Off-Street Parking and Loading Provisions, as amended to July 28, 1954. In regard to off-street parking the Zoning Ordinance requires:

"One parking space for each four employees, based upon the maximum number of persons to be employed at any one work period during the day or night, plus such additional parking facilities as shall be required for all vehicles used in the conduct of the enterprise."

E. *Official Action Including Zoning.*

At the same time or shortly after City Council approval of the redevelopment plan, the zoning changes will also be approved by the Council.

Council ordinances vacating minor streets must be deferred until shortly before the date as of which the streets are to be vacated.

F. *Controls on Redevelopment.*

The controls shown on the Land Use Plan are an integral part of the redevelopment plan.

Separate performance and use restrictions are provided for the area bounded as follows: on the north by W. Polk Street, on the east by S. Canal Street, on the south by W. Cabrini Street, and on the west by S. Clinton Street.

This area may be used for laboratory, office, and industrial research purposes. Structure height and setback shall harmonize with improvements on adjacent areas. Loading and Parking shall be in sufficient quantity, and in such location so that needs of the use are met, and so that such facilities shall allow full and coordinated vehicular use of the boundary streets.

The redevelopers, their successors or assigns, will be required by contract to observe all provisions of the redevelopment plan, including land use controls for a period of 40 years. Also, they will be required to submit a redevelopment progress schedule satisfactory to the Chicago Land Clearance Commission. It is anticipated that redevelopers will not be permitted to defer the start of construction for a longer period than required for the preparation of architectural plans and the clearance of such plans with the Chicago Land Clearance Commission to determine whether they conform to the redevelopment plan. Generally, this work should be completed within six to nine months.

After any portion of land is disposed of, the Land Use Plan, may be modified only upon the written consent of the then property owners affected by the proposed modification. The contract with the redevelopers will include prohibitions against land speculation.

Part I

This Agreement, consisting of this Part I and the Terms and Conditions (URA Form No. H-3155b, dated 4-64, as amended and modified hereby) forming Part II hereof (which Parts, together, are herein called the "Contract"), made and entered into on the date hereinbelow specified, by and between City of Chicago (herein called the "Local Public Agency") and the United States of America (herein called the "Government"), Witnesseth:

In consideration of the mutual covenants, promises, and representations contained herein, the parties hereto do agree as follows:

Sec. 1. *Purpose of Contract.*—The Local Public Agency proposes to carry out a certain urban renewal project (herein called the "Project") in a certain area (herein called the "Urban Renewal Area"), in accordance with the Urban Renewal Plan therefor. The purpose of this Contract is to provide for the extension by the Government to the Local Public Agency of certain Federal financial assistance under Title I of the Housing Act of 1949, as amended by all amendatory Acts (said Title I as so amended being herein sometimes called "Title I"), with respect to the Project, and to state the terms and conditions upon which such assistance will be extended and the understandings of the parties hereto as to the manner in which they contemplate that the Project will be carried out.

Sec. 2. *Project Temporary Loan and Project Definitive Loans.*—The Government will make to the Local Public Agency a temporary loan (herein called the "Project Temporary Loan") and, in case any Project Land is leased by the Local Public Agency to others in conformity herewith, one or more definitive loans (each such loan being herein called a "Project Definitive Loan"), with respect to the Project, for the purposes, under, and as contemplated by Section 102(a) of Title I. The Project Temporary Loan together with the Project Definitive Loans shall be in an aggregate amount which, together with such other funds, if any, as are supplied for the purpose (not including any advances by the Local Public Agency to the Project), shall be sufficient, but not in excess of that necessary, to enable the Local Public Agency to undertake, carry out, and finance the Project: *Provided, however,* That in no event shall the Project Temporary Loan, the aggregate of the Project Definitive Loans, or the aggregate of the Project Temporary Loan and Project Definitive Loans, outstanding at any one time, exceed Ten Million Two Hundred Forty-five Thousand Three Hundred Seventy-one Dollars ($10,245,371.00).

Sec. 3. *Project Temporary Loan Interest Rates.*—Each payment on account of the Project Temporary Loan made by the Government to the Local Public Agency shall bear interest at the rate or rates (herein called the "Project Temporary Loan Interest Rate") as herein provided:

(a) 4⅛ percent per annum for such payments made and to be made under this contract through June 30, 1970 (herein called the "Initial Loan Period"); and

(b) A rate for Project Temporary Loan payments unrepaid on the expiration of the Initial Loan Period and Project Temporary Loan payments made and to be made subsequent to the expiration of the Initial Loan Period, which rate shall be initially determined and become effective on the expiration of the Initial Loan Period, and shall be redetermined at 5-year intervals thereafter and become effective, in relation to unrepaid amounts and Project Temporary Loan payments made and to be made by the Government, in accordance with the following formula:

The redetermined rate shall not exceed 6 percent per annum, but otherwise shall be the higher of:

(i) The "going Federal rate" determined pursuant to the provisions of Title I of the Housing Act of 1949, as amended through September 2, 1964, and effective January 1 or July 1, as the case may be, following the expiration of the Initial Loan Period, or, in the case of subsequent redeterminations of the rate, the January 1 or July 1, as the case may be, constituting the fifth anniversary of the effective date of the latest redetermined rate; or

(ii) A rate per annum equal to the average yield to maturity on all outstanding obligations of the United States having a maturity from the May 1 or November 1, as the case may be, next preceding the date of the expiration of the Initial Loan Period (or, in the case of subsequent redeterminations of the rate, from the May 1 or November 1, next preceding the January 1 or July 1, as the case may be, constituting the fifth anniversary of the latest redetermined rate), of approximately 5 years, as determined by the Administrator, upon the advice of the Secretary of the Treasury, such average yield to be estimated on the basis of daily closing market bid quotations or prices for the month of May or November, as the case may be, next preceding the date of the expiration of the Initial Loan Period (or, in the case of subsequent redeterminations of the rate, for the month of May or November, as the case may be, next preceding the January 1 or July 1, constituting the fifth anniversary of the latest redetermined rate), and adjusted to the nearest ⅛ of 1 percent.

Sec. 4. *Project Definitive Loan Interest Rate.*—Each Project Definitive Loan shall bear interest at a rate (herein called the "Project Definitive Loan Interest Rate") which shall be the highest of:

(a) The "going Federal rate" determined pursuant to the provisions of Title I of the Housing Act of 1949, as amended through September 2, 1964, and specified by the Secretary of the Treasury as being applicable to the 6-month period in which a contract for a specific definitive loan is authorized in conjunction with a specific lease of project lands and in terms specific as to the rate of interest to be borne by such definitive loan; or

(b) The rate of interest for project temporary loans under Title I as determined by the Administrator as being applicable to the 6-month period described in subsection (4)(a) above; or

(c) The maximum rate of interest which the Local Public Agency will be able to pay from the proceeds of the annual rents under the specific lease of project lands to which such specific definitive loan is related, which maximum rate

shall be based on the assumption that such definitive loan (i) is in a principal amount equal to the capital value imputed to the project lands described in such lease, and (ii) is payable, as to both principal and interest, in substantially equal annual amounts in accord with the principles of level debt service over a period of 40 years from the date of such specific lease, and which rate shall be adjusted downward by at least ⅛ of 1 percent and not more than ¼ of 1 percent to a multiple of ⅛ of 1 percent.

Sec. 5. *Project Temporary Loan Obligations.*—The principal of and interest on the obligations evidencing the Project Temporary Loan (herein called "Project Temporary Loan Obligations") which are issued by the Local Public Agency for the Project Temporary Loan shall be payable from and shall be secured by a first and exclusive lien upon and an irrevocable pledge of the funds which, in accordance with the terms of this Contract, are required to constitute the Project Temporary Loan Repayment Fund. Subject to the foregoing provisions of this Section, the Project Temporary Loan Obligations shall be in such form and denominations, of such description, payable as to principal and interest at such time or times and at such place or places, and have such other characteristics, as shall be mutually satisfactory to the Government and the Local Public Agency.

Sec. 6. *Project Definitive Loan Obligations.*—The obligations evidencing each respective Project Definitive Loan (herein called "Project Definitive Loan Obligations") shall be a separate Series for each Project Definitive Loan which is made. The principal of and interest on all such Series of the Project Definitive Loan Obligations (and the premiums payable thereon in case any of the Project Definitive Loan Obligations are callable, at a premium, prior to maturity and are so called) shall be payable primarily from and equally and ratably secured by a first and exclusive lien upon and an irrevocable pledge of the funds which, in accordance with the terms of this Contract, are required to constitute the Project Definitive Loans Repayment Funds, after provision therein to the extent necessary, but only from the lease proceeds therein (such provision to be satisfactory to the Government), for the reasonable and proper costs to the Local Public Agency of its maintenance, management, and administration of its interests in the Project Land from which such lease proceeds are derived. Subject to the foregoing provisions of this Section, the Project Definitive Loan Obligations of each such Series shall be in such form and denominations, of such description, payable as to principal and interest (together with the aforesaid premiums) at such time or times and at such place or places, additionally secured (as to payment of principal, interest, and premiums) in such manner, have such mandatory and optional provisions for their redemption, at a premium, prior to their maturity, and have such other characteristics, as shall be mutually satisfactory to the Government and the Local Public Agency: *Provided,* That the period within which the Project Definitive Loan Obligations of any Series shall be payable shall not exceed 40 years from the date of the Project Definitive Loan Obligations of that Series: *Provided further,* That the term, "Project Definitive Loan Obligations", as used in this Contract, may include "Interim Certificates" which may be issued by the Local Public Agency pending its preparation, issuance, and delivery of the definitive bonds or other securities covering a Project Definitive Loan.

Sec. 7. *Project Capital Grant.*—The Government will also make to the Local Public Agency a capital grant for the Project (herein called the "Project Capital Grant") in an amount equal to the least of the following:

(a) The amount by which three-fourths of the Net Project Cost of this Project, together with the total of (i) three-fourths of the aggregate net project costs of other projects of the Local Public Agency (or of any other local public agency in the same municipality) on which contracts for capital grants have been made under Title I on a three-fourths capital grant basis and (ii) two-thirds of the aggregate net project costs of other projects of the Local Public Agency (or of any other local public agency in the same municipality) on which contracts for capital grants have been made under Title I on a two-thirds capital grant basis, exceeds the aggregate of the capital grants which, prior to the payment of the Project Capital Grant herein provided for, have been paid, or finally determined by the Administrator to be payable, with respect to such other projects; or

(b) The amount by which the Net Project Cost of this Project exceeds the total of the Local Grants-in-Aid which are actually provided with respect to this Project (including Local Grants-in-Aid which are to be provided and the cost of which has been estimated on such basis and in accordance with such conditions as the Administrator shall prescribe); or

(c) The amount by which the aggregate of the Net Project Cost of this Project and of all other projects on which contracts for capital grants have been made with the Local Public Agency (or with any other local public agency in the same municipality) exceeds the aggregate of the Local Grants-in-Aid which have been provided (including Local Grants-in-Aid which are to be provided and the cost of which has been estimated on such basis and in accordance with such conditions as the Administrator shall prescribe) with respect to such projects; or

(d) Nine Million Fifty-one Thousand Six Hundred Seventy-nine Dollars ($9,051,679.00).

Sec. 8. *Relocation Payments.*—

(a) The Government further agrees to increase the Project Capital Grant otherwise payable to the Local Public Agency pursuant to the provisions of Section 7 hereof in an amount equal to the relocation payments which are made by the Local Public Agency in connection with the Project in accordance with the regulations prescribed by the Administrator with respect thereto, entitled "Regulations Governing Relocation Payments Under the Housing Act of 1949, as Amended": *Provided,* That the amount of such increase shall in no event exceed the sum of One Hundred Thirty-nine Thousand Ninety-two Dollars ($139,092.00).

(b) Notwithstanding any other provision of this Contract, no part of the amount of such relocation payments shall be included in computing the Project Capital Grant otherwise payable to the Local Public Agency pursuant to the provisions of Section 7 hereof or shall be required to be contributed as or as a part of any Local Grant-in-Aid.

(c) The estimate of the aggregate cost of such relocation payments which, although not included in Gross Project Cost, has been set forth in the budget for Item 1 of Gross Project Cost

shall be deemed a part of the "Project Expenditures Budget" referred to in Section 105(C)(1) hereof, and the Local Public Agency shall be subject to all the provisions and requirements of Section 105(C) hereof with respect to such estimate as though it were included in the budget for Item 1 of Gross Project Cost.

Sec. 9. *Amount To Be Compensated Government for Its Inspections and Representatives.* — The amount which shall be compensated the Government by the Local Public Agency pursuant to Section 103(C) hereof shall be Seventy-five Thousand Eight Hundred Forty-eight Dollars ($75,848.00). *Provided,* That if the Project is not undertaken, and if the Local Public Agency shall have paid the Government the aforesaid amount (herein called the "fixed fee"), the Local Public Agency shall be entitled to a refund of the fixed fee.
